Johnson Opens New Office in Waterbury

Expanded Operation Better Serves Fifth District Constituents

WATERBURY, CT – Congresswoman Nancy Johnson's Fifth District Waterbury office is moving to a new location and expanding its operation.

The Waterbury office is moving to 100 Grand Street on the second floor. The new space will allow better service and accessibility for constituents. The telephone number remains the same: (203) 573-1418.

The new Waterbury office will be fully operational by Monday, November 15. Meantime, constituents can continue calling (203) 573-1418 to reach an office representative.

“The new location will allow me to better serve constituents in the Fifth District,” Johnson said. “Area constituents who need help with a federal government matter or wish to express their opinions and concerns are welcome to contact me at the new location.”

Since beginning her term representing the new Fifth District in 2003, Johnson has maintained four offices to serve constituents’ needs in Waterbury, New Britain, Danbury, and Meriden.

Information on the new Waterbury office is as follows:
